We will keep your dog 'safe and hound'!

Our Ofqual licensed centre offers you peace of mind whilst you are at work.

We appreciate that your dog's safety is everything. As a daytime home from home, you can rely on us to give them a secure and stimulating environment.

Friendly and professional, our team supervises canine socialisation in our secure dog runs and all-weather play area. Experiencing this sense of freedom in a secure environment, we are positive that your dog will enjoy their time with us.

Security

As animal lovers, we want you and your dog to be excited by our secure setting. That's why we are pleased to offer a free one-hour induction. Bring them along with you to explore and sniff out what we have to offer, and please ask any questions, no matter how obvious the answer may seem. We want you to have peace of mind in our Ofqual Animal Care supervised site.

Flexible Care

Working on a tight schedule? We can offer you a two-way transfer to our ranch and back again, in dog-safe transport.

'About Us' Page

We are an exciting new play ranch for your four-legged friend.

Why do you need our services?

We understand that life changes quickly. You might be thinking of bringing a canine companion into your home. Equally, your circumstances before and during lockdown may have changed. Homeworking meant you were always there to exercise and feed your dog. Playtime helped you both unwind.

However, with more and more workers being called back into the office, now is the ideal time to arrange safe and rewarding daycare for your dog. Based on the borders of North West Leicestershire and South Derbyshire, we offer a stimulating and safe place for your

dog to stay. You can rest assured knowing we will cater to their needs. They will come home a happier dog than if they were left alone.

Mental Stimulation

'Your Dog' magazine emphasises the importance of mental stimulation for dogs of all ages. It promotes natural, balanced behaviour and allows good mental and physical development. Knowing that we will cater to their mental as well as physical needs (including play, food and exercise) means you can truly relax while you are away.

Socialisation

Pets are part of the family. We understand because we love dogs. The anxiety you both feel when leaving for a day at work doesn't need to happen. Instead, socialising your puppy and continuing this throughout their adult life is vital. It forms a 'bank of experiences'.

Our doggy daycare features a variety of safe onsite spaces. Here, your dog can socialise and work off his or her excess energy during the day.

These include:

- . An all-weather play area
- . Secure dog runs for free exploration and socialisation
- . Secure field to walk your dogs.

We will make sure that your dog gets the exercise that they want and need, no matter what the weather. What's more, our professional staff promise supervision in line with Ofqual Animal Care Standards. Understanding how priceless your dog's safety is, we will care for them as if they were our own.

Convenience

Do you work long hours? Don't let an early start, late finish or long commute stand in the way of providing a safe a rewarding space for your canine companion.

With our dog-safe transport, we can collect them and drop them back that evening. Think of it as the school bus for your pooch.

Work irregular shift patterns? Need to drive your children to and from school? Look no further. Our 'half' or 'full day' times are a convenient way of ensuring your dog's care, no matter the demands on your time. Please note that 'half days' include daycare between the hours of 7.30 am-1 pm or 1 pm -6.30 pm.

Take Our Lead and Visit Us
